

TIANMA

TO CREATE
COLORFUL LIFE

To reinforce our European Automotive team based in Düsseldorf we have significantly expanded our activities to promote talented and up-and-coming young engineers and therefore created the new vacancy of an

JUNIOR FIELD APPLICATION ENGINEER (F/M/D)

As a valuable member of the automotive team, you will support the development and expansion of strong relationships with our European Automotive customers with a positive attitude and a high level of engagement.

YOU WILL GET TRAINED HOW TO:

- Provide Field Application Engineering support to Tianma's European Automotive customers in cooperation with the China based development teams and European colleagues, during product definition, development and product launch phases
- Support the development and maintenance of strong relationships with the engineering organizations of European customers and selected OEMs
- Provide technical support during the sales process, to resolve technical issues and to maximize the benefits derived from the organization's products and/or services.
- Support road mapping and roadshow activities in Europe, including demonstrations of the organization's products at customers sites, exhibitions etc.
- Contribute to the preparation of engineering drawings, specifications and schedules, and contract modifications to ensure that customers technical requirements are met
- Support technical investigations and provides consultations during quality related issues at customer location

WE OFFER:

- In addition to an attractive salary we offer variable incentive bonuses as well as non-monetary benefits
- Flexible working time
- 30 days' of holiday and special paid leave
- An international, professional and dynamic team
- Excellent Healthcare Benefits and Team events
- We offer a variety of learning and growth opportunities to support your development

Real customer success happens because you care. You are passionate about engaging your customers and understanding their needs. You have impeccable relational skills and can create win-win environments for all parties you work with. If this sounds good to you, then please forward your application incl. salary expectation and your earliest possible start date by email to: recruiting@tianma.eu.
